Getting Started

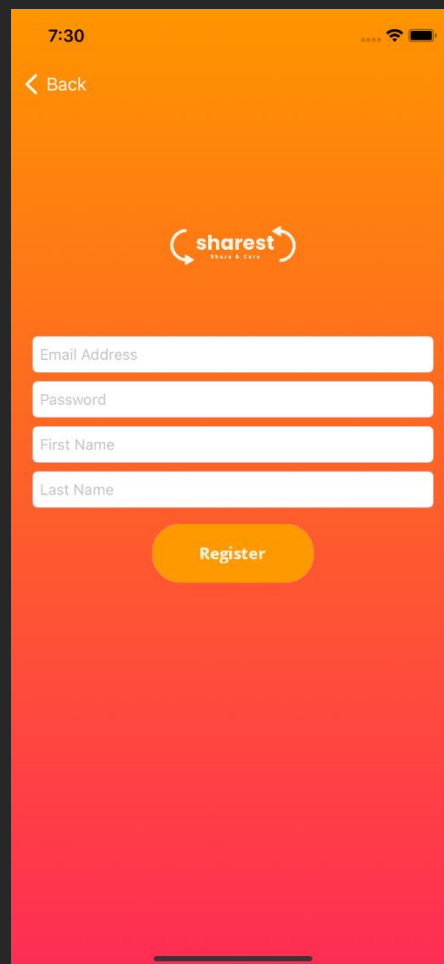

After the splash screen disappears, a screen like the one below will be displayed. This is the Login screen.

Account Registration

Since this is your first time using the app, tap on the text that says “Register for new account!”

Now you will be able to create an account.

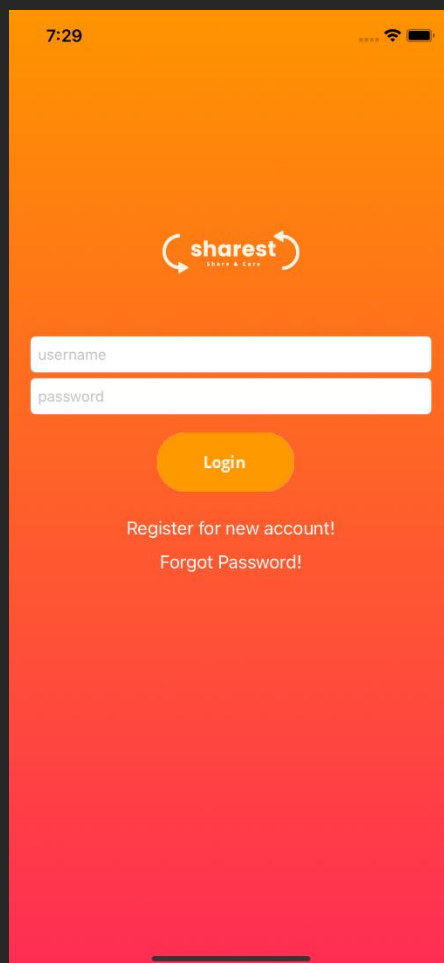

The screenshot shows the registration screen of the 'sharest' app. The background is a gradient from orange at the top to red at the bottom. At the top left, the time is 7:30. At the top right, there are icons for signal strength, Wi-Fi, and battery. Below the status bar is a '< Back' link. In the center is the 'sharest' logo, which consists of the word 'sharest' in a sans-serif font with a circular arrow icon to its left. Below the logo are four white input fields with orange borders, labeled 'Email Address', 'Password', 'First Name', and 'Last Name'. Below these fields is a yellow rounded rectangular button with the text 'Register' in black. At the very bottom, there is a thin horizontal line representing the home indicator bar.

Account Registration

Create your account using an email address that is not connected to any other accounts on ***sharest***.

Then, input a new password that is at least 6 characters long.

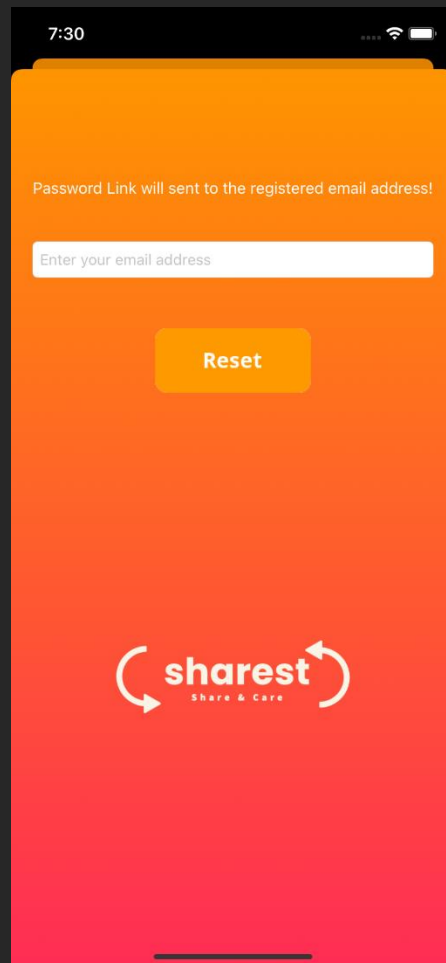

Finally, add a first and last name before tapping the “Register” button. This will send you back to the Login screen.

Account Recovery

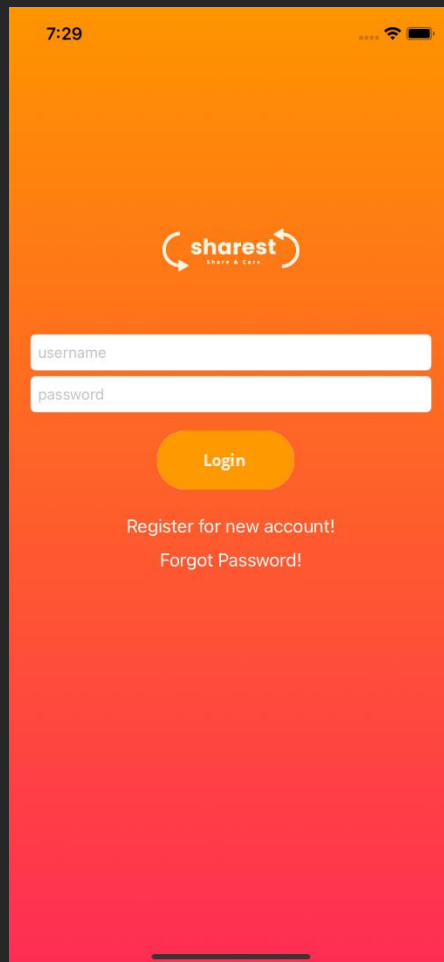

If you have forgotten your login credentials, tap the text that says “Forgot Password!” This will bring you to the Password Recovery page.

Simply type in your email address that is connected to your account and then tap the “Reset” button.

Login

Now that you have an account, type in the email and password associated with the account before tapping the “Login” button.

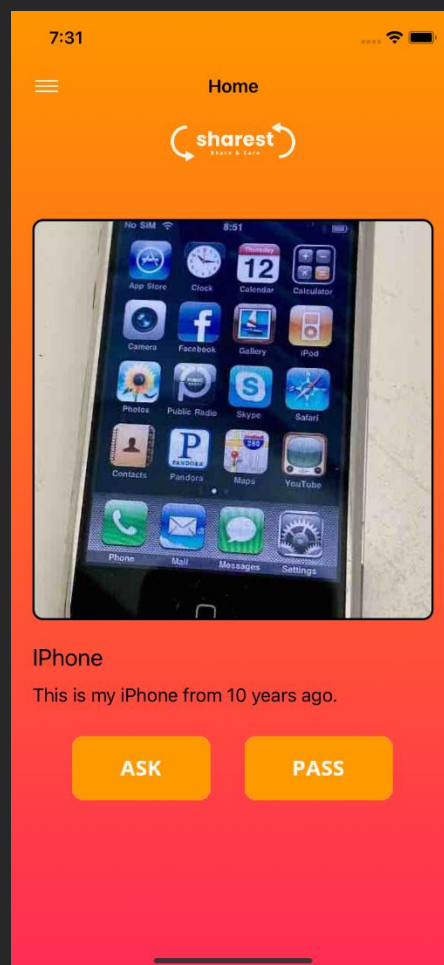

The image shows a mobile app login screen for 'sharest'. The background is a gradient from orange at the top to red at the bottom. At the top left, the time is 7:29. At the top right, there are icons for cellular signal, Wi-Fi, and battery. In the center, the 'sharest' logo is displayed, featuring the word 'sharest' in a bold, sans-serif font with a circular arrow icon to its right. Below the logo, there are two white input fields: the first is labeled 'username' and the second is labeled 'password'. Below these fields is a yellow rounded rectangular button with the text 'Login' in black. Underneath the button, there are two links: 'Register for new account!' and 'Forgot Password!'. At the very bottom, there is a thin horizontal line representing the home indicator bar.

Home

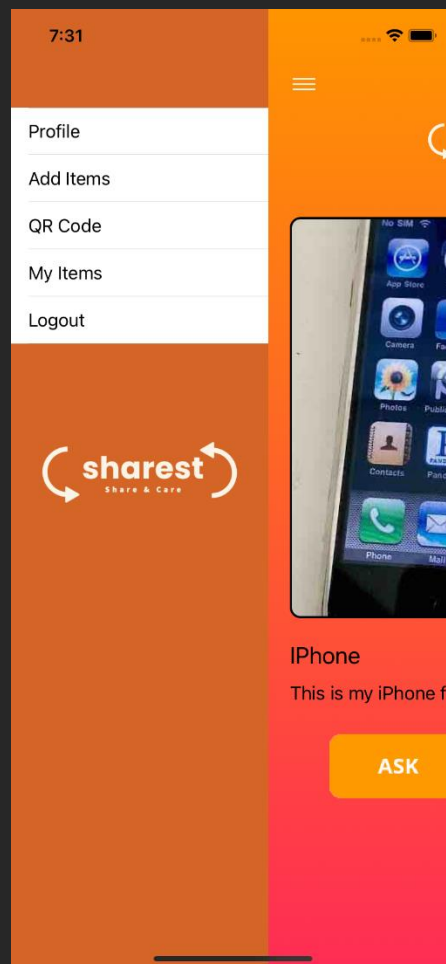

Once you have logged in, you will be brought to the Home screen. This is the screen where you will be able to see and request other user's items.

If an item does not interest you, merely tap "PASS" to move onto the next item. When you see an item you would like, tap "ASK" so that an email can be sent to the owner.

Menu

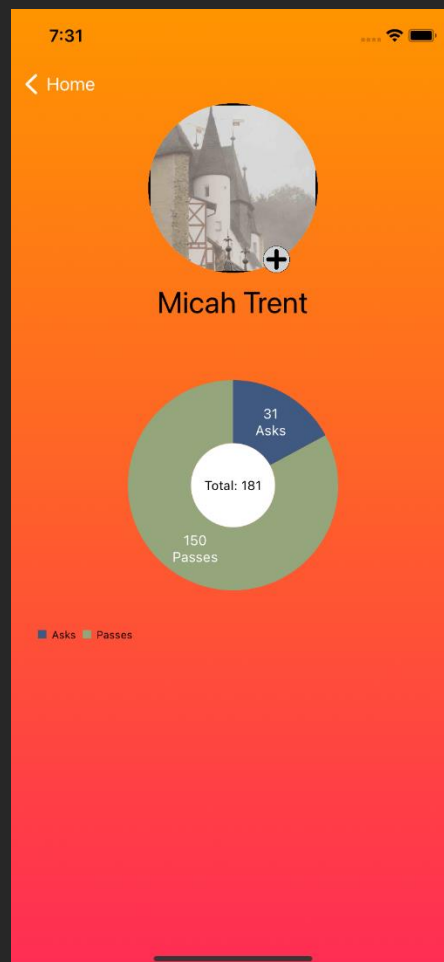

You can access the menu by tapping the three “stacked lines” in the top left corner of the Home page.

Profile

From the Menu, you can tap on the “Profile” tab in order to be sent to the Profile page.

On the Profile page, you can view the analytics for your account and even change your profile picture.

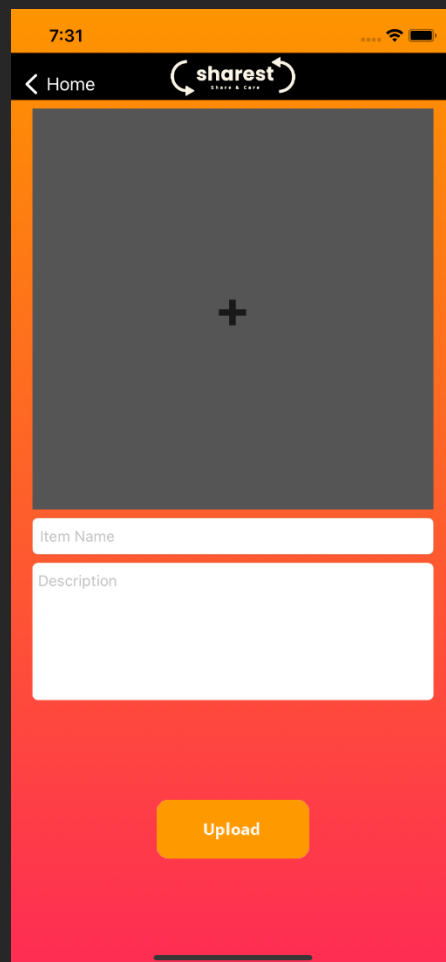

Add Items

If you tap on the “Add Items” tab on the Menu, you will be sent to the Add Items page.

On this page, you will be able to select an image from Photos, give the item a title, and create a description.

You must provide a picture, title, and description before you are able to upload the item.

The screenshot shows a mobile application interface for adding items. At the top, the status bar displays the time 7:31 and signal indicators. Below this is a navigation bar with a back arrow and the text 'Home', and a logo for 'sharest' with the tagline 'SHARE & CARE'. The main content area features a large gray square with a black plus sign in the center, indicating where to select an image. Below the image placeholder are two text input fields: 'Item Name' and 'Description'. At the bottom of the form is a red 'Upload' button. The entire page has a light blue background.

QR Code

Tapping on the “QR Code” tab on the Menu will bring you to the QR Code page.

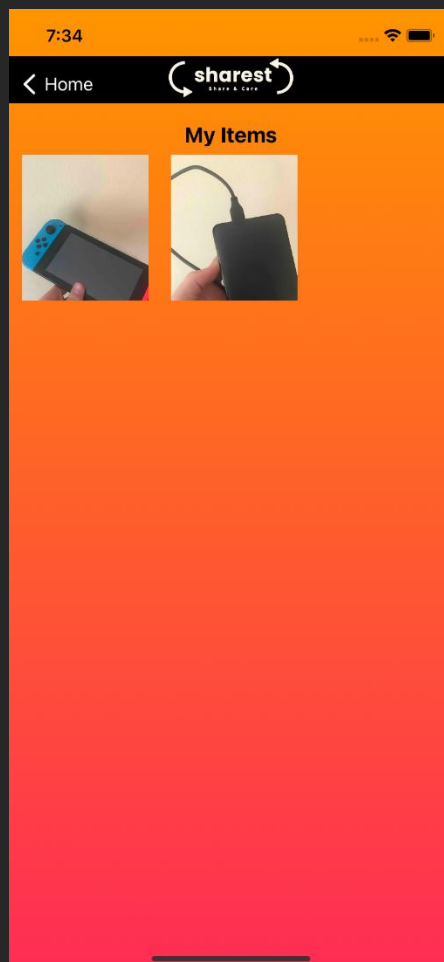

If another device scans this QR code, they will be brought to a page displaying the email of the user showing the QR code. Thus, you will be able to more easily contact a given person through the QR code if you would like to request an item.

My Items

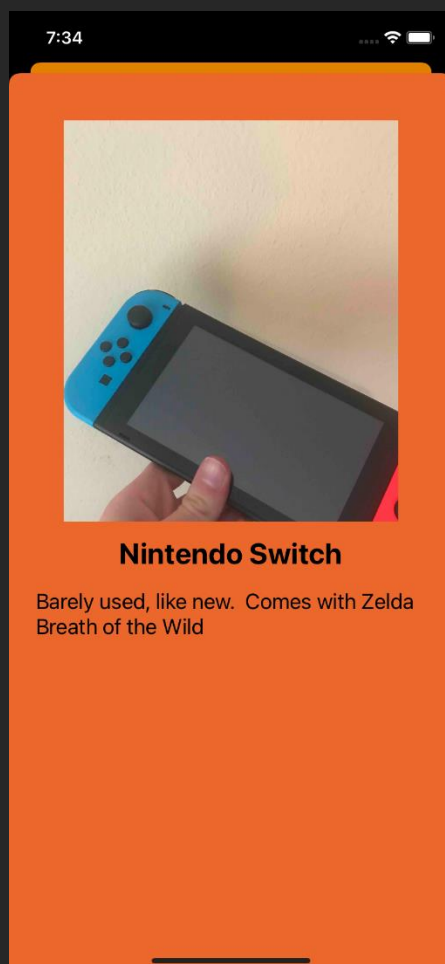

The “My Items” tab on the Menu will bring you to the My Items page.

On this page you can see all of the items you have uploaded to *sharest*.

My Items

Tapping on an item on this page will give further details about the item.

Logging Out

If you wish to log out of the app, simply navigate to the Menu and tap on the “Logout” tab.
